

## COIMBATORE INSTITUTE OF TECHNOLOGY CYBERFEST'23

### StickeeMate

#### Description:

Get ready for StickeeMate a chess showdown like no other! The Elimination Round kicks off the action, where players go head-to-head, making every move count in a bid to secure a spot in the finals. It's all about survival of the smartest.

But that's not all—brace yourself for the Arena Clash in Round 2! This is where things get wild. No rules, just one chance to prove your chess prowess. Face opponents of all levels, adapt on the fly, and give it your all to secure that coveted spot in the finals.

Join us in this chess adventure to push your strategic limits and unlock new dimensions in the game. Chess is a world of endless possibilities, and this event is your chance to explore them all. Don't miss out—try your possibility and aim for chess glory!

**No of Rounds: 2**

**Team size:** Individual Play

#### Round 1:

- Battle against fellow chess enthusiasts in a thrilling elimination round.
- Only the strongest minds will advance to the next stage.
- Show your mettle and secure your spot in the finals!
- Elimination Based On Score

**Challenger's Delight: Fun Retry Challenge :** (Those who want to give wildcard entry)

This Challenge consists of a Funny chess quiz and optional chess puzzle race between participants

#### Round 2:

- The ultimate test of strategy and nerves!
- Compete against the best of the best in a high-stakes arena round.
- Score more wins, and claim the title of Chess Champion!

#### General Rules:

- Participants are expected to uphold the spirit of fair play and sportsmanship.
- Any form of cheating, including external assistance or computer engine usage, will result in immediate disqualification.
- Participants are required to maintain respectful and professional behavior throughout the event.
- The event will be conducted on an online Li-chess platform. (Everyone should have an account on Li-Chess, Instructions are shared later)

- Participants must have a stable internet connection and a compatible device.

### **How are scores calculated?**

- A win has a base score of 2 points, a draw 1 point, and a loss is worth no points. If you win two games consecutively you will start a double point streak, represented by a flame icon. The following games will continue to be worth double points until you fail to win a game. That is, a win will be worth 4 points, a draw 2 points, and a loss will still not award any points. For example, two wins followed by a draw will be worth 6 points:  $2 + 2 + (2 \times 1)$

### **How does the pairing work?**

- At the beginning of the tournament, players are paired based on their rating. As soon as you finish a game, return to the tournament lobby: you will then be paired with a player close to your ranking. This ensures minimum wait time, however you may not face all other players in the tournament. Play fast and return to the lobby to play more games and win more points.

### **Event coordinators:**

For any queries participants can contact the below listed committee members.

- |                         |              |
