

COIMBATORE INSTITUTE OF TECHNOLOGY CYBERFEST'23

Shutter Spectrum

Description:

Calling all budding photographers and creative spirits! We are excited to welcome you to our photography contest. In this contest, you embark on a visual odyssey, where each frame is a new chapter, each click a new revelation.

No of Rounds: 2

Team size: Individual

Round 1:

Contest Type: Online

Contest Theme: "Silhouettes in Nature", Explore the dramatic and emotional impact of silhouettes against natural backgrounds, create mesmerizing silhouettes that bring to life the intricate shapes, vibrant colors, and the sheer poetry of the natural world.

- In the first round, the participant should submit two photographs relevant to the theme, along with a brief description of each photograph. The shortlisted participants will advance to the next round, which will be held offline at CIT campus.

Round 2:

Contest Type: Offline

Contest Theme: The theme for this round will be intimated to shortlisted participants.

- This is the final round of the competition, where shortlisted participants will be given a theme on which they should create a short reel of about 30 seconds within the CIT college premises.

General Rules:

- Photographs must be original and related to the theme.
- Each participant should submit two photographs relevant to the theme.
- Editing is allowed and both Mobile and DSLR cameras are allowed.
- Submission of offensive photos will lead to disqualification.
- Plagiarism analysis will be conducted and participants with fake photographs will be disqualified.
- Format: High-resolution JPEG or PNG images.

- How to Submit: Upload your two photographs through google forms whose link will be provided to the participants through email/WhatsApp.
- A brief description of each photograph should be provided.
- Judging Criteria: Creativity and Originality, Relevance to the Theme and adherence to the description of the photo.
